ABOUT

Alianza Americas is a network of migrant led organizations and individual members throughout the U.S. that includes a wide range of partners and allies in Latin America. Together our members play an active role in the everyday work carried out by the Alianza both domestically and transnationally.

Alianza Americas represents a critical voice on issues that have an impact on the lives of immigrants and their families throughout the Americas. Its 45 organizational members represent more than 100,000 families across 12 states in the United States.

OUR MEMBERSHIP

Our membership is at the core of our work, they serve as a collective leadership voice that helps drive our transnational mission and vision. Our members provide a base of diverse voices rooted in local migrant and non-migrant communities in the U.S. and in migrants’ countries of origin across the Americas. See our membership page for a listing of current member organizations.

MISSION

Our mission is to bring about a more inclusive, equitable and sustainable way of life for Latino immigrant communities living in the United States and across the Americas. By working transnationally with partners from civil society and government, organized labor and faith-based communities, we hope to create a more dignified and just way of life for all people living in the Americas.

WHAT WE DO

Alianza Americas is the only transnational organization rooted in Latino immigrant communities in the U.S. that seeks to improve the quality of life for people in the U.S.-Mexico-Central America migration corridor. The Alianza works with other NGO’s, government, and communities of faith and organized labor, to shape and influence public policies that promote social, political and economic justice across the Americas.

HOW TO JOIN

By becoming a member of Alianza Americas, you will have the opportunity to become a local ambassador for change from your own community while driving a transnational vision.
